You've heard the expression, "It's not how many times you get knocked down that count; it's how many times you get back up." Now imagine getting "knocked down," or in this case – fired – six times in 9 years...AND STILL coming out on the VERY TOP of your game.

After listening to our next speaker, a product of persistence, you'll take with you the tools you need to not only overcome just about any obstacle, but to thrive through it and come out a winner.

Drawing from his experiences as a professional football player, you will hear from an inspiring man – often referred to during his career as "undersized and overmatched" – who went from poverty to peak performance by way of sheer hard work, grit, perseverance and hope.

An NFL Pro Bowler who completed his 9-year NFL career with an impressive 3,890 rushing yards, 1,351 receiving yards and 20 total touchdowns, not to mention a fan favorite, our next speaker takes you inside his tumultuous – yet inspiring – journey.

Please welcome the NFL's hardest working former running back, entrepreneur, broadcaster, philanthropist and family man...
